

KIDS COLLEGE 2018

Registration Now Open. Call 575.769.4760 for more information

417 Schepps Boulevard | Clovis, NM 88101 | Clovis.edu/KidsCollege

Real Heroes don't do kryptonite *Instructor: Potthoff*
Real heroes are far from fearless, are rarely super-strong, but are as likely as anybody to wear silly clothes. Explore research on living heroes who have risked it all to save lives of strangers. Learn what makes up heroes' character, attitudes, and ordinary things they do when the world doesn't need to be saved. If you try a few yourself, one day, when you least expect it, you might just see a real hero in the mirror. **Location: Room 609. Fee: \$10.**

1 Session: Monday, July 9

Ages 13 and up, families welcome: 5:30 - 7:00 PM

Youth Tennis: Intermediate Skills *Instructor: Heath*
The Intermediate ability level is a comprehensive camp that focuses on developing a young player by refining his or her skills. This camp is taught through fast-paced drills and skill-building exercises. The player needs to have a basic/good understanding of tennis skills. Previous participation in CCC's tennis camp or playing in a league or club should suffice. Students must furnish their own racquet but tennis balls will be provided. Students need to bring water. *Class limited to 16 students.*
Location: Tennis Court. Fee: \$30/section.

2 Class Sessions: Ages 11 & Up. 6:00 - 7:00 PM

Section 4: June 25 & 27

Tennis Summer League Play *Instructor: Heath*
Competitive matches for fun and practice of game to improve play. Two levels of competitive play. **Location: Tennis Court. Fee: \$25.**

Youngster Ages 10 & Under: July 11, 18 & 25
6:00 - 7:00 PM

Youth Ages 11 & Up: July 9, 16 & 23
6:00 - 7:00 PM

Youth Weight Training *Instructor: Heath*
Looking for a way to help your kids stay or become more active? This Youth Weight Training class is a great way to help your youngster develop a healthy body image, self-esteem, and self-confidence in a small group setting. The tools offered in this class will help your child learn safe and proper techniques in improving their muscular strength and endurance fitness levels, improve performance in any activity and help maintain a healthy lifestyle. Instructor Brad Heath

has 30 years' weight training experience with degrees in Exercise & Sports Science. *Class limited to 16 students.*
Location: HFC 314. Meet in east foyer/lobby.
Fee: \$20/section.

2 Class Sessions: Ages 10 - 14. 1:00 - 2:00 PM

Section 4 : June 25 & 27

Astronomy: Tour the Galaxy *Instructor: Stewart*
Join us and the Clovis Astronomers as we take a journey through the galaxy. You will learn about the mysteries of the universe such as black holes, time travel, and the stars that make our sun look wimpy. You will have plenty of hands-on activities and projects that you'll take home. If the family enjoyed attending any of the Star Parties at Oasis State Park, you will love this class. Five afternoons of heavenly bliss. Bring water, snacks, and a sense of adventure. Supply lists will be provided at end of the first class meeting. *Class limited to 15 Students.* **Location: Interactive Science Museum. Fee: \$75.**

5 Sessions: Week long workshop, July 16 - 20

Ages 8 & Up: 1:00 - 2:30 PM

Children under 8 may attend with consent of the instructor

Family Project Fit4Life *Instructor: Moore*
One of the BEST ways to improve communication skills between parents and teens is to sign up for a Fit4Life Family Class. The Fit4Life strength and conditioning programming promotes a healthy family lifestyle using Kettle bells. All workouts are programmed so that parents and teens have to work together to complete the Workout of the Day. The programming promotes positive communication that carries over into the home. Don't miss an opportunity to get in shape alongside your parent or teen. Parents and teens need to bring water or sports drink and comfortable clothes to workout in. *Class limited to 6 pairs per section.*
Location: Room 183. Fee: \$150 per pair.

8 Sessions: Tuesday & Thursdays, 5:00 - 6:00 PM

Section B Adult & Teen Pairs: July 10 - August 2

Outdoor Adventures: Creative Explorations

Instructor: Stewart

Our Outdoor Adventures will have a theme each day. During the first half of each class, your little ones will look for insects, bird feathers, cloud-shapes, leaves and more! The second half of class we will bring the adventure inside for a creative project. Just imagine all the cool things they will get to show off to family and friends, use to begin an explorer's collection, or simply treasure as keepsakes. Please bring water and snacks and an extra zip lock bag for collecting artifacts. Wear a hat, sunscreen or long sleeved, light weight shirt, and closed-toed shoes for our outdoor adventures. We will take a 10-15 minute snack and bathroom break.

Location: Interactive Science Museum.

Fee: \$30.

3 Sessions: July 16, 18, & 20

Ages 5 - 7: 9:00 - 11:00 AM
(Under 5 with guardian)

Free Family Summer Science Night at the Interactive Science Museum

Instructor: Scroggins
Children and parents of all ages will enjoy CCC's Interactive Science Museum! There are so many discoveries to make while playing with our "toys". Come and check out our gear table, digital microscopes, fossils, or bones. We have optical illusion gadgets, circuit and electricity gizmos, audio devices, and so much more! Your family will have tons of fun while having a hands-on science experience.

Location: Interactive Science Museum. Free Admission for all ages. Registration not required.

Tuesday, July 17: 6:00 - 8:00 PM

Wildlife Tracking: Just for Kids

Instructor: Stewart
Does your child enjoy pointing out all the bugs that crawl, birds that fly, and the tracks dogs leave behind in the mud? If so, then this program is for him/her. Children will be introduced to the basics of Animal Tracking. We will then go inside the Science Museum to make a copy of the print to take home. Materials are limited, please register early. Wear closed-toed shoes, hat, and sunscreen. Bring water and snacks to this. **Location: Room 524. Fee: \$20.**

1 Session: Friday, June 22. 1:00 - 3:00 PM

Ages 5 - 12 (Under 5 must be accompanied by an adult)

The Art of Dragonflies

Instructor: Stewart
Dragonflies! They're beautiful and intriguing, they have near 360-degree vision and can fly in any direction their little wings will take them. Find out more about these fascinating insects then get ready to do an art project to take home. Bring snacks and water. Short break provided. **Location: Room 524. Fee: \$15.**

1 Session: Monday, June 25. 9:00 - 11:00 AM

Ages 5 - 12 (Under 5 must be accompanied by an adult)

I Can Draw Animals

Instructor: Stewart

Young children familiar with basic shapes such as a rectangle and a circle will learn how to draw animals. From a giraffe and a lion, to dinosaurs and sharks! OH MY! Simple connections of lines and squiggles will add a personal touch. The student will leave the class with the confidence of Picasso. We may explore finger painting, pastels, and water colors. Please bring water, a snack, and wear a smock or old shirt.

Location: Room 524. Fee: \$15.

1 Session: Tuesday, June 26. 9:00 - 11:00 AM

Ages 5 - 7 (Under 5 must be accompanied by an adult)

Under the Sea Art

Instructor: Stewart

Take a dive into the ocean where fish swim, sharks lurk and lobsters clickety clack with their pincers. We'll make an undersea adventure as we paint, cut, draw, and glue a jellyfish, a crabby crab, and a few other characters during class. We'll add some doo dads and a shell or two. So join us for a swimmingly good time. Bring your water, snacks, and a sense of adventure. Breaks will be provided.

Location: Room 524. Fee: \$15.

1 Session: Wednesday, June 27. 9:00 - 11:00 AM

Ages 5 - 7 (Under 5 must be accompanied by an adult)

Rocks, Minerals, Volcanoes, and Gold

Instructor: Stewart

Summer break has never been so much fun! Kids will explore topics such as rocks and minerals, volcanoes, and how and where to find gold. On the final day, they'll do some gold panning and, maybe, if luck is on their side, they might find some real pieces. The class take place indoors and outdoors. So be sure the kiddos have plenty of water, some snacks, a hat for outdoor shenanigans, and dress according to the weather. Bring a pie pan, eye dropper, and a small container to put your claim in. **Location: Room 524. Fee: \$50.**

3 Sessions: June 27 - 29

Ages 8 and up: 2:00 - 4:00 PM

Fossils: Make and Take

Instructor: Stewart

The perfect class for the budding paleontologist or fossil enthusiast. The kids will learn how to make coffee grounds clay and other messy play things in which to create their very own fossils. While we'd like to say this is it, sometimes things change. Expect to get a little sticky so hand wipes are a must. Extra clothes are optional. Or just wear a smock or apron. Water and snacks are encouraged. Breaks will be provided. **Location: Room 524. Fee: \$15.**

1 Session: Thursday, June 28. 9:00 - 11:00 AM

Ages 5-7 (Under 5 must be accompanied by an adult)

Eureka! Gold Panning *Instructor: Stewart*

Eureka! Did you hear the news? Some folks discovered gold in your neck of the woods. Hurry! Gather your friends, family and neighbors and head on over for a real experience like no other: Gold Panning! You could be the next person to yell, "EUREKA!" You'll learn about "Poor Man's Mining," the difference between Fool's Gold and real gold, and hear a story or two about the Gold Rush. Real gold flakes may be discovered as sand collected is from an actual site where gold was found. Bring your panning supplies: Pie pan or Frisbee, Eye droppers, Small plastic container. Please be prepared as this event will take place outdoors. Wear a hat, sunscreen or long-sleeved shirt. Take along water, snacks, and a sense of adventure to this fun event, and a sense of wonder.

Location: Room 524. Fee: \$15.

1 Session: Friday, June 29

All Ages: 9:00 - 11:00 AM

Gross Science: Worms and Crawdad Dissections *Instructor: Stewart*

During this introduction to "gross science," you will learn what makes earthworms and crawdads unique. We'll compare and contrast the physical features of earthworms vs. crawdads as we learn a little bit about their life-cycle. Then we'll move right into how to properly, yet safely, dissect an earthworm and a crawdad. Session 1: worm. Session 2: crawdad. This class is for ages 7 - up and is designed to introduce the student to basic life science. Bring plenty of water and snacks to this class. All materials are provided. **Location: Room 524. Fee: \$30.**

2 Sessions: Monday, July 2 & Tuesday, July 3

Ages 7 & Up: 9:00 - 11:00 PM

All About Scorpions *Instructor: Stewart*

Prepare for the HUNT! On warm nights, scouring the desert floor, the scorpions of the Sonoran desert look for their next meal using special senses to locate their prey. Learn about the facts, myths and reputation behind these mysterious creatures. There will also be a Scorpion hunt at Oasis State Park during the Star Party on July 7th. Black lights are a key part to inspecting and searching for scorpions. For information and advice on black light shopping contact Tishia at OutdoorEd4U@gmail.com or your preferred black light vendor. **Location: Room 524. Fee: \$10.**

1 Session: Friday, July 6

All Ages: 10:00 - 11:00 AM

Star Party Disco and Scorpion Scavenger Hunt at Oasis State Park *Instructor: Stewart*

(Star Party) It's time to get funky! So bring your disco ball, the Bee Gees, and your glow sticks for this fun Star Party at Oasis State Park. The Clovis Astronomers will be sportin' their sideburns while showing you all the crazy and far out space objects to oooh and ahhh at. The Outdoor educator will be handing out a limited number of glow sticks for the kids.

(Scorpion Scavenger Hunt) It's our annual scorpion hunt for Kids College! Join us as we set out on the sand dunes at night to search for these fascinating creatures and find out just how cool these amazing arachnids really are. Our Outdoor Educator will be taking small groups of 7-10 individuals out on the dunes for a Scorpion Hunt. We'll make our rounds every 30-minutes. Meet at the playground entrance just south of the parking lot. Black lights are limited in supply. Please consider bringing your own.

Please wear closed-toed shoes and dress comfortably. Keep in mind there are plants that poke and remember what we are looking for...well...you get the idea. Bring your water, too. Park near visitor center. **Location: Oasis State Park. Program is free. Registration not required.**

\$5 per vehicle entrance fee for Oasis State Park

For all ages: July 7, 7:30 - 10:30 PM

Camp Innoventure

(Joint project with NMSU Arrowhead Center)

Instructor: Reed

Camp Innoventure is an exciting week of learning how to start your own business, and then actually doing it! Students will learn how to brainstorm business ideas, write a mission statement, put together a short business plan, and create and sell a product at the Clovis Farmers' Market! See Link for registration. **Location: Room 101. Fee: \$40.**

6 Sessions: Entering Grades 6th, 7th, or 8th in August 2018. 9:00 AM - Noon

Section 1: July 9 - 14.

Section 2: July 30 - August 4

Most register online at

www.eventbrite.com/e/camp-innoventure-clovis-2018-tickets-42883023277

"Houston, we have a go for launch!"

Instructor: Stewart

Ever wonder why rockets fly? Want to build rockets and see how different designs affect flight? During this class, you'll: 1) Learn how rockets work, 2) See a video of the Brand New Space-X rocket that can return to earth by itself and land standing up, 3) Build and launch a model rocket during class that is totally safe and parent-approved. We'll cover some of the history of the Apollo missions, successes and failures. Join us for an out of this world experience! Bring water and snacks to this class, too. Some materials are provided. A supply list will be provided on the first day. **Location: Room 524. Fee: \$60.**

3 Sessions: July 10, 11, & 12

Ages 8 & Up: 1:00 - 3:00 PM

3-D printing for Kids *Instructor: Lamb Rupe*

3-D printing creates three-dimensional objects. Kids will learn how to use a 3-D printer to form items of almost any shape or geometry by layering material under computer control. Students will explore the many things the 3-D printer could be used for, including how to use it in everyday life. *Class limited to 16 Students. Location: Room FTC 171 E. Fee: \$30.*

3 Sessions: Ages 8 & Up, 9:00 - 10:30 AM

Section 2: July 18, 19, & 20

Bike Rodeo *Instructor: Stewart*

Let's get rollin'! But before we do, let's take a look at your riding gear: Helmet and clothing. Then, we'll look at our bikes to make sure they are in proper working order. During this class, you will learn how to conduct your very own pre-ride check because, hey, let's face it, nothing bums us out more than to have a flat tire or loose handlebars. We'll go through the A, B, Cs and 1, 2, 3s, and after we'll head outside for a little test of our skills: from balance, to turning, to how slow can you go. You'll also learn about how to ride safely in your neighborhood. You'll be all set join the Friday afternoon Family Fun Ride at Hillcrest Park!

Location: Room 524. Fee: \$15.

1 Session: Friday, July 13

Ages 5 - 16: 9:00 - 11:00 AM

Family Fun Ride at Hillcrest City Park

Instructor: Stewart

Anyone can join in on the fun. And you don't need a bike! You can walk, stroll, jog, or crawl. We'll meet at the Hillcrest City Park parking lot nearest the zoo entrance and soccer fields. Then we head out for a fun little ride under the cool shade of the elm trees. What a great way to get some exercise while hanging out with friends and family. Please bring and wear your helmet, closed-toed shoes (no sandals or flip flops), dress comfortably. Bring water and snacks with you so we can stop, chat, and refuel. **Location: Hillcrest City Park (Meet at Parking Lot nearest zoo & soccer fields). Free! Registration not required.**

1 Session: Friday, July 13.

All Ages: 6:00 PM

Muleshoe National Wild Life Refuge:

Guided Walk *Instructor: Stewart*

Join us for a nice adventure - guided walk- through the oldest wildlife refuge in the state of Texas: Muleshoe National Wildlife Refuge. The area surrounding the refuge is full of history that tells us of a time when the Early People hunted mammoths and Flat faced brown bears; the rise of the WPA during the Great Depression; and the how the Sandhill cranes have been overwintering at this location for thousands of years. And if you stay long enough, you'll not only witness an unobstructed view of the sunset, but you may see raccoons, badgers, deer, bats, and other animals that call the refuge home. So, bring your cameras, plenty of food and water, wear

closed-toed shoes and dress comfortably. We may be joined by photographers and astronomers from Lubbock, TX and Clovis, NM. **Stay as long as you like. Leave when you have to.* **Location: Muleshoe National Wild Life Refuge. Free! Registration not required.**

1 Session: Saturday, July 14

All Ages: 6:00 PM

6:00 PM (7:00 PM Texas Time) to 10:00 PM

SCHOLARSHIP ASSISTANCE

A limited amount of scholarship assistance is now available. Scholarship assistance will be evaluated on a first-come, first-serve basis. Once an application is submitted, you will be notified within 1-2 business days.

Visit Clovis.edu/KidsCollege to download the application.

Contact Allen Potthoff for more information at 575.769.4760 or allen.potthoff@clovis.edu.

Classes, dates, and times are subject to change.

A minimum number of students is required for a class to be held, so early registration is encouraged.

CCC retains the right to cancel classes due to a lack of enrollment.

Campus closed on July 4, 2018.
