

How To Create a Student Account for Turnitin

1

Go to <http://turnitin.com> and select the “Create Account” option below the login area.

2

Select “Student” from the “Create a New Account” Menu.

3

Enter the “class ID” and “class enrollment password” that your instructor has provided for you. This ID will be unique for each course. You can add more courses to your list once you have registered initially.

Please write down the email address and password you choose on this registration page because it will be used as your log-in information in the future.
