

How to Log In

Pathway uses the same login page, username and password that is used by the CCC student email system, and Canvas, our online Learning Management System (LMS).

The first time that you login, you will be asked to change your password and answer six security questions. If you ever forget your password, you will need to answer three of these security questions before the system will allow you to reset your password.

Note: To avoid possible problems, please do not use the Internet Explorer web browser the first time that you log in. Internet Explorer using Compatibility View displays the change password page as a blank page. You can use Internet Explorer after you can successfully changed your password and set security questions.
