Academic Coaching at Clovis Community College is offered to all populations of students on campus including: incoming freshman, any student who has been placed on Academic Probation or Academic Suspension, and any student referred as part of the Starfish Early Alert process. Academic Coaching is a unique program that provides students with the opportunity to meet one-on-one with a coach to address academic and personal needs within a confidential setting. Students will be educated about campus-wide resources, assessment and identification of present challenges, and the development of personal plans to facilitate success.

Based on needs, Academic Coaches and students explore strategies for success, such as campus engagement and how to make the most of their CCC experience.

Academic Coaching is completely voluntary for both students and coaches.

Academic Coaches:

- Meet with students to help them take ownership of their academic success;
- Assist students in setting up a success plan that can meet their specific objectives;
- Are well versed in academic strategies for success (such as time management, note-taking techniques, reading strategies, and goal setting);
- Can refer students to resources on campus that can aid in the students' success, such as Academic Advising, Tutoring and Writing Centers, Student Services and Career Services.

Academic Coaches at Clovis Community College are staff members within the Tutoring Center that received academic coaching training, who are committed to support students in reaching their goals and staying committed, focused, and motivated on their academic journey.

ACADEMIC COACHING

The Office of Admissions and Records staff are here to assist you with the following:

- Applying for admission
- Registering for classes
- Adding and dropping classes
- Withdrawing from classes
- Declaring a major or changing your major
- Applying for graduation
- Applying for Certificates of Completion or Certificates of Achievement
- Requesting an official copy of your transcript (\$6 fee per transcript)
- Obtaining a copy of your class schedule
- Changing your personal information such as your name, address, telephone number
- Requesting verification of enrollment

NOTE: Some of these services are available online at clovis.edu/register.

Grades

Grades will be available on the Web within five working days from the last day of the semester. If you need assistance, please call Admissions at [575.769.4025](tel:575.769.4025) or General Student Information at [575.769.4969](tel:575.769.4969).

Official CCC transcripts will be available through Parchment five working days after the semester ends.

Transcripts

College transcripts are an official and permanent academic record of your performance at Clovis Community College.

Clovis Community College has authorized Parchment to manage the ordering, processing, and secure delivery of official CCC transcripts. Ordering through Parchment provides you with the ease and convenience of ordering transcripts online. This means faster, better service for students!

Ordering an eTranscript via Parchment offers:

- Secure online access to request your transcript 24/7.
- Email notification when transcripts are processed and received.
- Online tracking ability.
- After request, electronic transcripts may be available in as little as an hour.

CCC recommends that students select Parchment's electronic delivery when possible. eTranscripts will arrive at their destination quickly and are the least expensive option. Please note: if you are sending the electronic transcript to another college or university, you must request to have the transcript sent directly from CCC to the recipient. Most colleges and universities will not accept an eTranscript that was initially delivered to a personal email address and then forwarded or printed by the student.

Each official transcript costs \$6.00. An additional fee will be added based on the method of delivery and destination. During the ordering process, you will be able to see the exact charge prior to entering your credit card information.

Military Students

Applying for Tuition Assistance (TA):

1. Meet with your Educational Service Officer or counselor within your military branch.
2. Submit a TA request by logging into your respective branch's education portal.
3. We recommend that you register for classes as soon as possible after you obtain TA approval. You may register with the CAFB Admissions Representative, on-campus, or online through your Campus Portal account.

TA Refund Policy

Clovis Community College returns unearned military tuition assistance on a proportional basis through at least the 60% portion of the term for which they were provided regardless of the reason for withdrawal (service-related or otherwise). Any unearned TA funds will be returned directly to the military service, not to the service member.

For specific dates, visit <http://www.clovis.edu/admissions/military.aspx>.

Military Tuition Rate

Active duty military (stationed in New Mexico), New Mexico National Guard, and their spouses and dependents are eligible to apply for CCC's in-state, in-district tuition rate. To qualify for the lowest tuition rate at CCC, print and complete the Application for Waiver of Non-Resident Tuition and return it in person either to the Admissions and Records Office, or via the email listed below.

Additional Resources for Paying for your Education - Military, Military Spouses, & Dependents

You may qualify for additional financial assistance. To obtain information regarding your financial aid eligibility and types of financial aid available, please contact the Office of Financial Aid at 575.769.4060 or finaid@clovis.edu.

TEXTBOOK AFFORDABILITY PACKAGE (TAP)

The Textbook Affordability Package (TAP) focuses on textbook accessibility and affordability for all students. Textbook fees are automatically built into tuition and fees at the time of registration. Students are automatically opted into the program upon registration of classes. Those wishing to opt out can do so within their Canvas course using the BibliU (Textbooks) page. Opting out of the TAP fee will opt students out for all classes. Opt out information will also be sent to student email accounts each semester. Financial Aid can cover textbooks included under TAP. Contact finaid@clovis.edu for more information. Most courses at CCC fall under the Traditional Textbook Affordability Package (TTAP) or the Programmatic Textbook Affordability Package (PTAP).

Traditional Textbook Affordability Package (TTAP)

This package is based on the rental of textbooks and applies to most general education courses and some program courses. Under TTAP textbook fees are based on a credit hour fee and includes textbooks, lab manuals, and access codes. This fee excludes lab kits and supplies. See clovis.edu/bookstore for a list of courses included in TTAP, textbook fees, opt out deadlines, pickup or shipping information, rental return dates, and options for purchasing textbooks at the end of the semester if desired. Textbooks under the TTAP are based on a rental and must be returned at the end of the semester.

Programmatic Textbook Affordability Package (PTAP)

This is a package in which textbooks, lab manuals, and access codes required for a program are purchased as a bundle each semester. See clovis.edu/bookstore for a complete list of programs included in PTAP, programmatic textbook fees, opt out deadlines, and pickup or shipping information.

Lab Kits and Supplies Not Included in TAP

TAP includes all textbooks, lab manuals, and access codes. Lab kits and supplies are excluded. Financial Aid or third-party billing can be used for items not included in TAP. For more information contact the bookstore at bookstore@clovis.edu.

GROSS RECEIPTS TAX

There is no tax charged on textbooks. Normal tax is charged on supplies and other items purchased at the bookstore.

Visit clovis.edu/bookstore for additional information on the various formats of course materials, online orders, and return policies.

Dual Credit and Early Admission

DUAL CREDIT

Get a jump start on college and take classes at CCC while still in high school - tuition free! High school students at a New Mexico public, private, or charter school as well as New Mexico homeschool students qualify. Age requirements differ by high school and courses need to be approved by both the high school and the college. A wide array of courses can be taken as dual credit (except courses such as transitional courses and physical education activity courses), so check with your counselor to determine course options. New Mexico homeschool students should contact the Director of Educational Partnerships/Dual Credit at CCC to determine eligibility to determine courses available under the NM Dual Credit Program.

CCC also offers a Career Technical Education (CTE) program which allows students to take dual credit CTE courses that either lead directly to an industry certificate or feed into a full-time program. These programs include automotive technology, industrial technology, welding technology, EMS, healthcare assistant, fundamentals of game design, and networking. Under the NM Dual Credit program, students may be responsible for course fees. All dual credit students must meet course placement requirements.

To ensure students have the best possible advising for dual credit courses, education plans are required and will guide course choices. Students can choose from four different educational plans:

- 4-Year Academic/STEM
- Allied Health Programs
- 4-Year Academic/Non-STEM
- Career Technical Education Programs

EARLY ADMISSION

High school students who are part of a homeschool association or public, private, or charter school in states other than New Mexico are eligible for early admission. *Early admission allows students to earn college credit while still in high school. Under early admission, students are eligible to take any CCC course offered and are responsible for tuition, books, and course fees. All early admission students must meet course placement requirements.

** In addition, New Mexico students who wish to take a non-dual credit eligible class may register as early admission.*

Financial Aid

The Financial Aid Office is responsible for the administration of student financial aid programs, most of which are based on need.

Some of the programs administered by this office include Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), New Mexico Work Study (NMWS), Federal College Work Study (FCWS), Federal Direct Loan (subsidized and unsubsidized), Veteran Educational Assistance, and institutional and state scholarships. A student may apply for Pell Grants and Direct Loans as well as many other programs by completing the Free Application for Federal Student Aid (FAFSA) at www.studentaid.gov. For more detailed information about financial aid, please refer to the CCC Catalog or clovis.edu/financialaid.

Students planning to attend college should apply for financial aid as early as possible. A student must apply for aid each academic year. Students can fill out the FAFSA at studentaid.gov using **school code 004743**. Students must have submitted an official high school diploma or high school equivalency credential and have a degree plan on file with the Academic Advising Office to be eligible for financial aid. Additional eligibility requirements may apply. Campus-based aid (all federal programs except the Pell Grant) is awarded according to the need of the student on a first-come, first-served basis.

SCHOLARSHIPS

CCC has many scholarships available, ranging from \$100 to \$1,000 per year. Students are encouraged to apply for scholarships to lessen the need for loans or part-time work to attend school. These scholarships are made possible by generous contributions to the College to recognize and encourage academic and professional achievement.

Awards are generally based on scholastic achievement and financial need. Your financial need may not be the only consideration for individual scholarships; we may also take into account your grades, academic major, residency, and other factors. Students are encouraged to file the FAFSA (Free Application for Federal Student Aid) in order to determine eligibility for federal and state aid. However, you do not need to be PELL eligible in order to be awarded a scholarship at CCC.

In order to be considered for scholarships, you must meet the following criteria: be degree seeking, have a FAFSA on file, have at least a GPA of 2.0 or better (unless otherwise stated on the application), and if you are a new student or high school senior, you must also have completed an Admissions application.

Scholarship seekers will find dozens of scholarship opportunities on our website at clovis.edu/scholarships.

Visit <https://clovis.awardspring.com> to apply for additional scholarships. Students who are offered these scholarships will be notified through their CCC email accounts.

STUDENT EMPLOYMENT

A wide range of student jobs on campus are open only to CCC students. Often, you can find

a job that combines good pay and valuable work experience because the job duties relate to your academic major. Many supervisors are flexible in setting up a work schedule and you may be able to work between classes. Studies show that students who work tend to make better grades, learn to manage their time more efficiently, are more persistent in their goal to graduate, and may have to borrow less in loans to help pay for college expenses.

To apply for a student employment position, students are required to:

- Have a completed FAFSA (unless you are a high school student)
- Apply online at clovis.edu/hr/studentemployment.aspx
- Meet satisfactory academic progress; 2.0 cumulative GPA
- Be enrolled in at least six semester credit hours (three in the summer semester)

Starfish is an Early Alert retention tool that supports student academic success. Starfish simplifies communication between students, faculty and support services. Through Starfish, you can connect with a network of faculty and staff who directly support your success at CCC.

Starfish Early Alert allows an instructor to notify you when there is a concern regarding your course grades or academic performance. These Early Alert notifications called “Flags” identify concerns such as frequent absences, missed assignments, low scores or possible failure in a class. Starfish also allows instructors to give praise or “Kudos” to celebrate a student’s success or improvement in a class. “Referrals” are used to direct you to a particular student service on campus.

Notifications are sent to your CCC email or may be viewed on your Starfish Profile Dashboard. To access your Starfish account, log into your Canvas account and select the Starfish tab on the bottom left corner of your screen.

YOUR RIGHT TO KNOW

- The only members that will be able to view a raised flag will be the instructor that raised the flag, advisors and members of the college that are associated with the flag, and you, the student.
- Starfish flags are raised in support of you, not against you. If you receive a flag, you are not “in trouble.” You are encouraged to respond and take action on your instructor’s concerns.
- Starfish data is protected under the Family Education Rights and Privacy Act of 1974 (FERPA).
- Tracking items (Flags, Kudos, Referrals) **are** part of your student record.

The Testing Center provides students a quiet place to take the Accuplacer assessment, online course exams, mid-term and final exams, and many other certification and commercial exams. Instructors may arrange for students to take their exams in the Testing Center, Monday through Friday, during our normal business hours. Students are encouraged to schedule appointments for any testing. Students requesting the use of the private room must contact the Testing Center for appointments.

Accuplacer Testing is a computerized college placement program provided free of charge by CCC. It is an assessment that measures a student’s level of knowledge in English, reading, and mathematics. Accuplacer scores help students and advisors choose the appropriate level of classes, thereby increasing the likelihood of success in college. Scores on this assessment will not keep a student from being admitted to CCC. Accuplacer was designed to help you succeed in college. To ensure accurate placement in classes, please do your best in answering the test questions. The Accuplacer is computer based. If you are unsure how to use the computer (or mouse), please let the testing staff know prior to testing.

To ensure a fair and secure testing environment, cell phones, electronic devices, and personal belongings (except medical devices) are not permitted in the Testing Labs.

- Before entering the lab, students will be asked to:
- Silence their phones and store them in a provided locker, or Return items to their vehicles.
- ID Requirement: All students must present a valid, government-issued or school-issued ID to test.

📞 575.769.4088 🖱️ clovis.edu/testing @ testing@clovis.edu 📍 Room 109

Accuplacer assessments will not be started unless you have time to finish before the Testing Center’s close of business.

Code of Conduct

PURPOSE

The mission of Clovis Community College is to provide high-quality education and training that improves the lives of all students and ignites economic vitality in the communities we serve. In keeping with this mission, CCC has adopted a Student Code of Conduct that seeks to recognize both rights and responsibilities. This Code is designed to help ensure order in the college community, protect the rights of community members, and to create an environment that enhances the opportunity for learning. Any question of interpretation regarding the Student Code of Conduct shall be referred to the Executive Vice President or Dean of Student Services, or his or her designee, for final determination.

UNACCEPTABLE BEHAVIOR

Three types of unacceptable behavior are defined in this Code: criminal offenses, disciplinary non-criminal offenses, and violations against the academic community. Each is treated separately, although some offenses listed as non-criminal, or violations against the academic community, may in fact constitute a criminal offense.

Criminal Offenses

1. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, and/or other conduct which threatens or endangers the health or safety of any person, whether perceived or real.

Hazing conduct may include but is not limited to harassment, abusive words or conduct directed at others, stalking, intimidation, cyber-bullying, repeated interruption of class or other CCC activities, misbehavior resulting from alcohol or drug abuse, or other conduct that substantially disrupts the educational process. Participation or cooperation by the person(s) being hazed does not excuse the violation. Failing to intervene, having firsthand knowledge of the planning of hazing or of its occurrence and failing to report it to college authorities is a violation of this policy. Any group or individual responsible for hazing may be subject to criminal prosecution, civil prosecution, and/or disciplinary action as outlined in the Sanctions section of the CCC Student Handbook.

Student Complaint Process

The purpose of Clovis Community College's student complaint process is to establish a process whereby a student may request resolution of a problem, conflict, concern, or issue that negatively impacts a student(s) or is inconsistent with College policy. This process is not to be used when a student disagrees with the teaching practices or the work required for a course. Issues excluded from the student complaint process are:

- Student Conduct decisions
- Results of formal appeals as outlined in the Student Appeal section

For complaints regarding discrimination or harassment based on a protected class status, see the Discrimination and Harassment Policy.

STEP 1: INFORMAL RESOLUTION

If a problem, conflict, or issue arises between two or more students or between a student and a CCC employee, these individuals should attempt to resolve the problems amongst themselves through an informal procedure. If the problem cannot be mutually resolved, it should be taken to the employee's immediate supervisor or instructor for mediation. If this does not result in satisfactory resolution, the complainant should take the concern to the Executive Vice President for academic-related concerns or the Dean of Student Services for student-related concerns. The Executive Vice President or Dean will attempt to resolve the problem through discussion or mediation. If a dispute cannot be resolved through an informal procedure, the student may proceed with a formal written complaint.

STEP 2: FORMAL GRIEVANCE PROCEDURE

If the student is dissatisfied with the outcome of the informal process, the student must initiate a formal complaint no later than 10 calendar days into the subsequent semester, including summer. Without a written complaint, the College will assume the issue is resolved. The student must complete the Formal Student Complaint Form outlining the complaint, providing any supporting documentation, and identifying the desired resolution. Formal complaints shall be directed to the Executive Vice President of Academic Affairs who is authorized to take any interim action necessary to maintain the peace and integrity during

the formal investigation and determination process. The Executive Vice President will submit the formal complaint to the Dean of Student Services if it is a student-related concern. The Executive Vice President (for academic-related concerns) or the Dean of Student Services (for student-related concerns) shall consult with any appropriate employee or student and gather supporting documentation in order to facilitate a thorough investigation of the complaint. The complainant and the respondent (person the complaint is against) will receive a written decision from the Executive Vice President or Dean within 10 business days after receiving the written complaint. If a student is under 18 years of age, a copy of the letter will be sent to the parents or guardian of the student. Students not satisfied with CCC's decision on a formal complaint or grievance procedure can contact the New Mexico Higher Education Department. Students must follow the CCC Grievance process as outlined on this website and inside the CCC Student Handbook prior to filing a complaint with the New Mexico Higher Education Department.

STEP 3: APPEALS

The response from a formal complaint may be appealed by either the complainant or respondent within 10 business days of receiving the decision. Appeals must be submitted in writing using the Formal Student Complaint Form. Appeals will be assigned to either the Executive Vice President or Dean of Student Services, whoever was not assigned the formal complaint. The Executive Vice President's or Dean's decision regarding the appeal will be submitted in writing and made no later than 10 business days from receiving the written appeal. The appeal decision shall be the final ruling; there shall be no further appeal as a matter of right unless described in one of the appeal processes below.

Additional appeals outside of the formal complaint process can be found under the Student Appeals section.

Student Appeals

An appeals process for students at Clovis Community College is available to afford students an opportunity to express their position in matters that affect their welfare during their enrollment. Students have a right to appeal a violation of college policies or request exceptions to policies because of unusual or special circumstances. Should the need arise, the following appeals exist to benefit students: Grade Appeals, Suspension Appeals, General Academic Appeals, and other appeals for violations of conduct or policy. In all cases, final appeals must be made in writing to the Admissions and Standards Committee.

Academic Policy Appeal

- a. Actions that adversely affect students regarding general academic policies such as status of enrollment, credit hours earned, graduation requirements, and grade point averages may be appealed in writing to the Director of Enrollment Services/Registrar. If the student does not agree with the decision of the Director of Admissions and Recruiting/Registrar, the student may submit a written appeal to the Admissions and Standards Committee. Decisions of the Admissions and Standards Committee are final.

Grade Appeal Process

- a. Students wishing to appeal a final course grade must first meet with the faculty member involved within 60 days from the time the original grade was submitted to the Admissions and Records Office.
- b. If the matter is not resolved, the student may refer the issue to the appropriate Division Chair, who will mediate the appeal.

- c. If the matter is still not resolved to the student's satisfaction, the student may submit in writing the reasons for the appeal to the Executive Vice President. The Executive Vice President will meet with those involved to review the circumstances leading to the appeal.
- d. If not resolved to the student's satisfaction, the final recourse is to submit a written appeal to the Admissions and Standards Committee. The written appeal may be submitted to the Director of Enrollment Services/Registrar in the Admissions and Records Office.
- e. The decision of the committee will be submitted in writing to the student. The decision of the committee is final and not subject to appeal.
- f. If a grade change is approved as a result of this process, the change of grade will be submitted to the Admissions and Records Office where the appropriate change will be made to the student's academic record.

Academic Suspension Appeal Process

- a. A student who wants to apply for readmission to CCC and wishes to appeal an academic suspension status at CCC must submit a written request to the Admissions and Standards Committee explaining any unusual circumstances that would justify readmission. Such requests must be submitted to the Director of Enrollment Services/Registrar. The Director will present the written request to the Admissions and Standards Committee. Students who have fulfilled the requirements of their suspension do not have to appeal for readmission but must contact an Academic Advisor.
- b. Upon receipt of the written appeal, the Admissions and Standards Committee will review the request and determine what action to take. The Admissions and Standards Committee will send written notification of the decision to the student. All appeals must be submitted to the Director of Enrollment Services/Registrar by the Tuesday before the semester begins. The decision of the committee is final and not subject to appeal.

Financial Aid Appeal Process

- a. Students have the right to appeal the denial of financial aid. Such circumstances that may be appealed include death of a relative, injury or illness of the student or family member, or other mitigating circumstances. Students must provide detailed information regarding why the student failed to meet Satisfactory Academic Progress or scholarship eligibility and what has changed in the student's situation that would allow the student to demonstrate satisfactory academic progress at the next evaluation. Supporting documentation regarding the mitigating reasons must accompany the appeal. The Director (for 150 percent maximum time frame and state scholarships) and the Financial Aid Appeals Committee (for other Satisfactory Academic Progress concerns) review the appeal letters on a case-by-case basis to determine if the student's circumstances warrant allowing the student to continue receiving aid.
- b. Students placed on good status with an approved academic plan (G-Plan) remain eligible for Title IV aid as long as they continue to meet the conditions of that plan. Students regain eligibility once their cumulative GPA is 2.00 or greater and their cumulative incremental status is 67% or greater.

Clinical Practice Decisions

- a. Clinical practice decisions require advanced education in the medical field. As a result, unsafe practice as determined by the Allied Health departments cannot be reversed by the Admissions and Standards appeals process. An unsafe practice determination will be made by the majority vote of the Allied Health faculty which may then be appealed through the Allied Health Division Chair. If not resolved to the student's satisfaction, the final recourse is to submit a written appeal to the Executive Vice President.

Other appeals

- a. Other appeals not included in the definitions previously described should be presented in writing to the Executive Vice President, who will determine the appropriate office, supervisor, or committee to hear the matter.

Discrimination and Harassment Policy

Title VI and VII of the Civil Right Act of 1964, Age Discrimination in Employment Act of 1967, Title I of the 1968 Civil Rights Act, Title IX of the Educational Amendments of 1972, the Civil Rights Restoration Act of 1987 and the Americans with Disabilities Act require the College to adopt and publish grievance procedures providing for prompt and equitable resolution of complaints alleging discrimination. Clovis Community College is committed to equitable treatment of all persons without regard to race, age, religion, color, national origin, ancestry, sex, sexual orientation, spousal affiliation, gender identity, veteran status, physical or mental disability, or serious medical conditions.

DEFINITION

Any act of discrimination against an individual at Clovis Community College is defined as the failure to treat persons equally where no reasonable distinction can be found between those favored and those not favored. A grievance shall mean a complaint has been filed indicating a violation, misinterpretation or inequitable application of Clovis Community College policies and practices.

SCOPE

This policy applies to any student. An individual may bring questions about procedure, seek informal advice or present a complaint to the Director of Holistic Support. In cases of alleged discrimination or harassment, individuals should follow this policy and procedure to initiate grievances.

DISCRIMINATION AND HARASSMENT PROCESS

Step 1: Informal Discussion.

The complainant, with the Director of Holistic Support shall attempt to resolve the matter through informal discussions with the accused party. The Director will act as a mediator/facilitator and consult confidentially with the person against whom the complaint is directed in order to call the objectionable behavior to that person's attention, or conduct an informal discrimination/sexual harassment investigation. If the matter is not resolved to the complainant's satisfaction, the complainant may, within ten (10) working days after the informal discussion(s) are concluded, advance to Step 2.

Step 2: Written Statement of Grievance.

If, as a result of informal discussion with the accused party, the problem is not resolved, the complainant may file a formal complaint by submitting a Formal Student Complaint Form. The formal complaint shall state the time, place, and nature of the grievance and the corrective action desired. The formal complaint must be received within ten (10) working days after the informal discussion(s) are concluded. If the formal complaint is not received within the stated time, the College shall not be required to take further action on behalf of the complaining party. Copies of the written statement of grievance must be provided to the Director of Campus Security within five (5) working days of the complaint being submitted. Upon receipt of the formal complaint, the Director of Campus Security will facilitate an investigation and confer with Executive Vice President in determining the appropriate length of the investigation period, which will be a minimum of ten (10) and a maximum of thirty (30) working days. The preferred time frame will be ten days, but additional time can be allotted depending on the nature of the investigation, the number of witnesses to interview, supporting documentation to gather, and availability of parties and witnesses. The complainant will be notified in writing of the allotted time for investigation. The Director of Campus Security must then provide a written response of the ruling to the complainant within ten (10) working days after completion of the investigation. The written response must include a copy of the grievance procedures for use by the complainant in the event he/she finds the response unsatisfactory. Copies of the written response to the complainant must be provided to the President.

Step 3: Appeal.

If the complainant is not satisfied with the written response of the Director of Campus Security, he/she must appeal within ten (10) working days of receipt of the Director's response by submitting a Student Formal Complaint Appeal Form. The appeal should state the reasons the complainant believes the decision to be in error and shall request a review of the records. A copy of the formal complaint, the investigation report, and the final ruling will be submitted to the Executive Vice President within five (5) working days of the appeal submission. The Executive Vice President shall review and provide a written decision to the complainant within ten (10) working days of receipt of the appeal. The decision of the Executive Vice President shall be the final ruling; there shall be no further appeal as a matter of right.
